Print & Play Instructions

Directions

Print and cut all components according to the directions specified on the first page of each PDF. All PDFs are formatted to print on standard 8.5 x 11" US letter sized sheets. The majority should be printed on heavy card stock or cover stock. When printing double sided, make sure to use long edge binding. All PDFs may be printed on a home printer, but be aware that home printers may struggle with the small margins and precise alignment on the 2-sided documents. If you run into issues, we recommend taking the file to a copy shop or a digital print shop.

You will need to supply the following components:

- 10 yellow wood cubes (suggested size: 8mm)
- 10 orange wood cubes (suggested size: 8mm)
- 10 purple wood cubes (suggested size: 8mm)
- 10 green wood cubes (suggested size: 8mm)
- 30 white wood cubes (suggested size: 8mm)
- 40 neutral-colored wood sticks (suggested color: gray or brown)
- 1 countdown marker, 1 police morale marker, 1 first faction marker
(you can use pawns or other tokens for these. See rulebook for more info)
- 7 small D6 dice (suggested color: black with white numbers)
- 1 large D6 die (suggested color: white with black numbers)

If you do not have these components, we recommend purchasing them online from thegamecrafter.com. You can also substitute the wood cubes with glass beads, small buttons or anything else that is small and uniform. The important thing is to be consistent with the colors detailed above.

We also supply some paper versions of the following:

- 20 Occupation tokens: You can either play with these as paper components OR print them out on sticker paper and sticker them onto disc tokens (32mm in diameter).
- 6 Riot vans: You can either play with these as paper components OR use any vehicle shaped token you have (suggested color: white).

If you like the game, please share your thoughts on the *Bloc by Bloc* Board Game Geek page or social media and share with your friends.

Enjoy!
